Mac: IMPORTANT INFO: Network Drive changes

Who needs to read this?
Staff who use a Curtin-owned Macintosh computer running Snow Leopard.

How will this affect you?
After your network drive has migrated, please do the following:

1. If you have shortcuts to network drives on your desktop, please delete them.

2. Run “OSX Snow Leopard Drive Mapping – New” from the Self Service app (Casper*) in the Applications folder.

3. Click “OK”

4. Select “Registered User”, enter your OASIS username and password and then click “Connect”.
5. Type in the 2, 3 or 4 letters of your Faculty area (eg “CBS” if you are in the “Curtin Business School”) and then click “OK”

6. Select “Registered User”, enter your OASIS username and password again and click “Connect”

If you have any difficulty with the above, please contact the CITS Service Desk.

* If you do not have Casper, and would like it installed, please contact the CITS Service Desk.
